

## NEW AUTO FIRE ENGINE PASSES EXACTING TEST

Can Throw Stream 175 Feet in Air; Fireman Knocked Down by "Wild" Hose.

Before a crowd that blocked traffic at the corner of El Paso and Franklin streets Wednesday afternoon, the American-La France triple combination auto fire engine, in an official test, more than met the requirements of the city's contract.

The contract only calls for 100 gallons of water per minute, while the engine at one time was pumping 1800 gallons out of three separate lines of hose. The size of the nozzle was 1 1/2 inch. The lowest figure was 815 gallons and that was when the engine was pumping water through three lines and out of 1 1/2 inch nozzle.

**Large Stream Thrown.**  
One thousand gallons a minute was poured out of three lines connected to a two inch nozzle on the central auto engine. Out of the 1 1/2 inch nozzle with the three lines connected, 855 gallons a minute were pumped.

The new engine demonstrated its right to be in the sky scraper class, throwing a stream of water through a 1 1/2 inch nozzle 175 feet in the air. In this test 518 gallons a minute were being pumped. The engine threw the water from Franklin to Oregon street, a distance of 309 feet.

**Firemen Lose Control.**  
The highest pressure attained was 250 pounds. A single line was being used at the time, which later got away from the fireman at a 250 pound pressure. At the time two leads were being used and without warning one was cut off, throwing the entire force into one hose. The sudden force jerked the nozzle out of the hands of the fireman, who, after making fruitless efforts to regain control of the wild nozzle finally turned and ran to safety. Albert Von Baldow, who held to the hose longer than the others, was hurt to the carbing, where he fell and struck his head. The fireman, unconscious, was picked up and placed in fire chief W. W. Armstrong's auto. On the way to the doctor he recovered, returned and did his part throughout the test.

**Officials Witness Test.**  
Mayor C. E. Kelly and aldermen J. T. Hewitt, Ben Levy, W. S. Clayton and C. H. Leavelle attended the test, superintended by chief Armstrong. C. R. Raynes, representative of the Dallas, Texas, engine company, through which the engine was purchased, operated the engine.

Thursday morning the new fire fighter was taken to the foundry, where its draughting capacity was tested.

**SELECTING JURY TO TRY MAN ACCUSED OF MURDER**

The selection of a jury was being made in the 24th district court Thursday morning in the trial of J. M. Vasquez, charged with the murder of Julio Delgado April 24. The body of Delgado was found in a truck garden near the canal. The man was struck over the head with a club and then stabbed. There was no eye witness to the crime. F. R. Norton, a prospective juror, was challenged for cause by the state and excused by the court because he said that he did not believe in convicting on circumstantial evidence. The jurors chosen Thursday morning were J. E. Kinney, Charles Reissenger, J. R. Soper and H. E. Elliott. A further effort to complete the jury was made Thursday afternoon.

## CONVENTION OF DEMOCRATS MAY BE HELD HERE

Special Committee Will Visit Austin Saturday to Work For Statewide Meeting.

Mayor C. E. Kelly, C. C. McDonald and Bert Orndorff, Democratic delegates, are going to Waco, Tex., Friday night for the purpose of securing the state Democratic convention for El Paso in August. On June 8, the state Democratic executive committee will convene in Waco and when it does the three El Pasoans will be on hand to lend the convention for El Paso.

The securing of the state convention means that more than 1000 delegates will be brought to El Paso. Mayor Kelly intends, if the convention is secured, to appoint entertainment committees so that the visitors will be afforded diversion every minute that they are in El Paso.

**Big Thing for El Paso.**  
"The convention will mean much to El Paso," declared mayor Kelly. "It is possible to secure it we will. We want that convention and our chances are excellent for getting it. We want to show the citizens from other cities just what El Paso has. A special hall will be secured for the convention and the sessions will last several days. The convention will bring delegates from every part of the state."

**CHARMS OF CATALINA BURDEN OF THEIR TALE**  
A. H. Spillitoe, traveling passenger agent of the Wilmington Transportation company, and W. R. Hinkle, traveling passenger agent of the Meador Boat company, are telling El Paso about the charms of Santa Catalina island. The 1914 season has started with a rush. Fishing is unusually good, the fish being protected by a state law that prohibits any use of nets within three miles of shore. This has made the kelp beds around Catalina a great natural fish preserve. The view from the glass bottom boats into these kelp beds is marvellous, and not to be equalled anywhere in the world. The big passenger steamers of the Wilmington and many El Paso faces are recognized in the Catalina colony.

**GETS BACK \$200 OF HIS \$240 WHICH HE LOST IN JUAREZ**

George Sommers, of Los Angeles, Cal., recovered \$200 of the \$240 he gave to alleged bunco men in Juarez last Friday. Sommers brought suit in the county court against James Gilbert \$240. He alleged that he was compelled under duress to endorse travelers' checks to the defendant and others. Shortly after the incident, Gilbert came to El Paso, where he was arrested by the police. Gilbert put up a \$400 cash bond and when the case for money brought his suit, he garnished the money. The case was then settled.

**MARR BROTHERS COMPANY INCORPORATES FOR \$10,000**

Austin, Tex., June 4.—The charter of the Marr Bros. Investment company, of El Paso, was filed today in the state department. The capital stock is \$10,000. The incorporators are James L. Marr, W. K. Marr and F. M. Murchison.

## DESERT DWELLERS

THIS is a Patagonian family of the race of Tehuelchian, once dominant in the inhospitable country around Cape Horn. Their race is rapidly dying out. There is probably not more than 100 males in all their clans today. These people are noted for their giant stature, having an average of 5 feet 6 to 6 feet and 4 inches. The vigorous life they live is made plain by the stern hushness of the woman in the picture. The sweet simplicity of her appearance is relieved by the pair of gorgeous earrings which are seen resting their weight upon her shoulders.

## FEDERALS ATTACK PITCHER BLANDING

Chicago, Ill., June 4.—The Kansas City Federal league club today served notice on pitcher Blanding, of the Cleveland Americans, to appear before Judge Poel, in the superior court here next Monday, when it intends to move that a temporary injunction be granted restraining him from playing with Cleveland or any club other than the Kansas City Federals.

## POWERS TO BACK NEW ALBANIAN KING

London, England, June 4.—Austria and Italy are expected to send troops from Sautari to Durazzo to aid prince William, of Wied, the recently elected king of Albania, to put down the revolution of the supporters of Esmad Pasha. The rebels have drawn as close to Durazzo as they could.

KING WILLIAM, OF ALBANIA

razed, the Albanian capital, as to cause prince William, the prince and their suits to take refuge on an Italian warship. Prince William was elected as the head of Albania by all of the European powers and he will undoubtedly receive assistance from them in maintaining his position.

## SHOTS AND THREAT TO MINER PROBED

Trinidad, Colo., June 4.—A report that shots were fired upon an interurban car en route to Colorado late Wednesday is today being investigated by the day in today by authorities. The report to military headquarters stated that the shots were fired from an orchard just outside the city limits and that the bullets struck a few feet away from the car, which carried a number of passengers.

An investigation is also being made of the alleged kidnapping of two Austrian coal miners who were met by union pickets upon their arrival near Raton, N. M., and taken to miners' headquarters here, where, according to the story told by the miners, they were told to join the union and threatened with death if they attempted to go to work at the mine to which they were taken. They were bound.

Held at union headquarters for two hours, they made their way through the town and were finally released by a policeman and a constable, who put the men on board a car for Sopris.

## DEATHS AND BURIALS.

**JOSE ARRIBILLAGA CORDOBA.**  
Jose Arribillaga Cordoba, aged about 50 years, died Wednesday night at a local hospital. His death followed an operation for appendicitis. Mr. Cordoba was a big cotton grower in the Laguna district near Torreón, Coahuila. Surviving him are his widow and seven children. Two of these are in Germany at school. The funeral service was held Thursday afternoon from the chapel at 104 North Stanton street, going to the church of the Sacred Heart. Interment was in Catholic Evergreen cemetery.

## SUMMER SCHOOL ORGANIZES; WILL OPEN ON MONDAY

Attendance Is Expected to Reach 250; Teachers Elected For Next Year.

Summer school was organized Wednesday in the Bailey school building with about 175 present, but it is expected that the attendance will probably reach 250 pupils, from the number of inquiries being received in superintendent R. J. Tighe's office. Summer school will begin Monday, June 8. The sessions will be daily from 8 to 12:30 o'clock, excepting Saturday and Sunday, and the school work will be divided into two terms of six weeks each.

In order to meet the salaries of the teachers the tuition rates have had to be increased over the regular non-resident rates first announced.

Mrs. Empress Arrington will be the principal of the teaching staff of the summer school work and will teach departmental arithmetic in the upper grade work. Miss Elizabeth Young, Miss Jess Denton and Miss Nora Bradley will have the sixth, seventh and eighth grades. Miss Lucile Smith and Miss Mary Messing will teach the third, fourth and fifth grades, and Miss Alice Wilson will have the first and second grades.

**High School Summer Course.**  
The summer course of the high school will not begin work until the return of principal A. H. Hughes from Weatherford, Texas, where he was called by the death of Mrs. Hughes' mother. The teachers of the high school summer course will be A. H. Hughes, principal, and Miss Helen O'Connell, Miss Ella Harper, V. S. Rogers, W. F. Beijerman, and R. E. Seay.

A summer course to manual training will be held at the same rate of tuition as the grade school work, provided there are enough applicants to justify a branch of work. C. C. Golden will be in charge.

If the attendance at the summer school is sufficiently large to need an increase in the teaching staff, more teachers will be added.

**Teachers for Next Year.**  
Superintendent R. J. Tighe has announced the teachers elected by the school board for the coming year. A number of the old teachers have resigned and new ones were appointed later. The list follows:

**FEW DAYS MORE OF BOOK BARGAIN**

By Clipping the Coupon Today You Can Get \$12 Set For \$1.98.

There are now only a few days left in which to take advantage of the big book bargain distribution now being conducted in this city by The Herald. For the last week merry throngs of newspaper coupon clippers have tested the facilities of The Herald office, where these wonderful reference sets are being given out.

People's Cyclopaedia is a most useful set of books. It consists of five volumes, bound in English cloth, magnificently illustrated throughout, and the publisher's subscription price is \$12. During this week \$1.98 and one coupon clipped from this paper will get the complete set. Surely this is an unusual book bargain.

Clip the coupon printed in the cyclopaedia announcement in another column of this issue and present it any time this week, but don't put it off too long, as the allotment of sets for El Paso is rapidly diminishing and the supply may be exhausted at any time.

Coupons will be redeemed at The Herald office and mail orders will be filled by them, as explained in the announcement—Advertisement.

## PROGRESS BEING MADE ON PROPOSED SCENIC DRIVEWAY

Alderman W. S. Clayton Makes Favorable Report to Council on Project.

El Paso is to have a scenic driveway skirting the rim of the mesa, if the efforts being made by the highway committee avail anything. That was the substance of the report made by Alderman W. S. Clayton, chairman of the committee, to Mayor C. E. Kelly and the city council, Thursday morning.

Alderman Clayton stated that he intended to call a meeting Monday of all those interested in the driveway, for the purpose of adopting the map that had been made of the proposed driveway by P. E. Kern. After the adoption of the map and the right-of-way has been finally secured, engineers will be placed on the work at once so that grades for the roadway can be established.

The only delay being encountered at the present time is the seeming inability of the committee to secure from property owners the necessary land that would complete the links in the proposed course. Argument has been advanced to the effect that the building of the driveway would result in greatly increased valuation of all property along its borders. Some of the property owners, however, Clayton stated, believe that the time is not ripe for the construction of the highway.

Alderman Clayton concluded his report by stating that after the meeting scheduled for Monday, he hoped to have a better report to make. Mayor Kelly complimented the alderman.

**Reports Read.**  
For contagious diseases, measles numbering 41 cases are still in the lead. The report is for the week ending June 4. Other cases reported are: Scarlet fever, 22; typhoid fever, three; diphtheria, six; chickenpox, three; smallpox, 14. Deaths totaled 49 and births, 31. Condemnation included 372 pounds of meat and 194 pounds of fruit and vegetables.

Thirty-two leaky water meters were found by the meter inspector during May.

David Sullivan, tax collector, reported the collections from May 4 to 31 amounted to \$49,955.50.

The total number of meals served at the city prisoners' during May was 243. The bill was \$372.25.

The collections of the city engineer for the month of May amounted to \$174. The pay roll of the department amounted to \$1215.

**Petitions Granted.**  
Petitions granted were: E. B. Sullivan to move wagon yard to Fifth and Broadway; Mrs. E. M. Thomas for sewer extension to Nevada and Ochoa; Union Bank and Trust company to erect pedestal clock on sidewalk.

First Christian church to use Cleveland square Sunday nights; F. A. Stone for a basement stairway on Stanton street; Ramus Escobedo, F. de la Cruz and Ventura Villagrana, hawkers' permits.

**Petitions Denied.**  
Petitions denied were: El Paso Shoe company for remission of tax penalty; residents on Ance street, between Montana and Rio Grande, for larger water mains.

**Petitions Referred.**  
Petitions referred to the sanitary committee were: Ramsey brothers' sewer extension to block 191 East El Paso; Alex Janke, for sewer extension to block 23, Banett addition.

Property owners petitioned the city council for relief from flood waters around block 112 Campbell addition. They want gutters installed at the corner of Second and Kansas streets. The matter was referred to the street and grades committee.

The petition of H. Norwald company and others to replace grade on West Second street, was also referred to that committee.

The committee received the petition of the Young Men's Democratic club to stretch a banner across San Antonio street.

**Not Put Down Sidewalks.**  
A number of resolutions ordering property owners to construct sidewalks were adopted.

The bid of \$1.46 per square yard of the Texas Bitulithic company to pave North Kansas from Blacker to Cincinnati, was accepted.

## JOINT MANEUVERS FOR TEXAS MILITIA

Austin, Texas, June 4.—Joint maneuvers of the Texas national guard and the regulars are to be held during the month of August, according to an announcement made today by Adjt. Gen. Hutchings. During the trouble on the border, it has been decided to call off these joint maneuvers, but now that matters have a more normal condition, the maneuvers will be held. They will likely be held at Texas City, but the date has not as yet been definitely determined. The infantry of the guard will participate in these maneuvers, which will last approximately two weeks.

## HEAD ITCHED AND BURNED BADLY

Would Break Out in Pimples or Bumps. Hair Came Out in Handfuls. On Body in Dry Scaly Form. Cuticura Soap and Ointment Entirely Cured in Two Weeks.

New Dale, N. C.—"My head first broke out and itched and burned so badly I could hardly stand it. It would break out in pimples or bumps then it would itch so that I would scratch it raw. Then it would come a dry scaly form and my hair came out by handfuls and what I had left was dry and lifeless. When it came on my body it was in a dry, scaly form and itched and when I would scratch the dry scaly off it would burn and the skin looked like it had been stuck full of pin heads."

"I saw the advertisement of Cuticura Soap and Ointment and sent for a sample and when I had used it all up I decided it had helped me so I went to the drug store and got two cakes of Cuticura Soap and some Cuticura Ointment. I washed with the Cuticura Soap in hot water and then put the Cuticura Ointment on and in two weeks I was entirely cured." (Signed) James H. Robinson, June 17, 1913.

For treating poor complexion, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. Sold everywhere. Liberal samples of each mailed free, with 33-p. Skin Book. Address post-card "Cuticura, Dept. N, Boston."

ESF Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
